AT THE HEART OF PERFORMANCE CONTRACTING

SAFETY

PCI consistently has one of the lowest EMRs in the country, due in large part to our innovative Safety Program. Every employee receives targeted safety training throughout the year, in the field and in the classroom.

TRAINING

PCI requires comprehensive training for all our foremen, superintendents, managers, estimators, engineers, and administrative personnel. With our advanced job skills programs, we develop the most capable professionals who perform the best service for our customers.

ETHICS

Integrity and reputation are fundamental to our success. That's why we developed the "Principles of Business Conduct." This provides guidance for employees to maintain the highest standards of ethical and legal practices in the industry.

STRENGTH

PCI continually ranks as one of the Top Specialty Contractors in the nation by *Engineering News-Record (ENR)* magazine. Our strong financial credentials allow us to provide excellent bonding and insurance for our customers' protection.
