# RAISED ACCESS FLOORING

## Experienced Project Management Gives You A Superior Experience

PCI has specialized in the installation of Raised Access Flooring for more than a decade, so we are always up-to-date on the latest system installation information in regards to:

- New Installations
- Repair/Replacement of Existing Systems
- Reconfigurations of Room Layouts
- Budgeting & Product Recommendations

Our Project Managers have mastered the high level of detailed coordination it takes to configure access flooring accurately to the under floor mechanical and electrical components.

In addition, we focus more time and energy in the pre-construction phase to ensure that submittals are approved to meet lead times and schedules. This combination has proven to allow for fast and easy integration with your systems.

### OUR PRIDE IN OUR WORK EQUALS UNSURPASSED PERFORMANCE

Experienced foremen and project managers ensure that state-of-the-art equipment, proper techniques, quality materials, and attention to detail are hallmarks of our performance.
